The Senior Class

SHAWNEE SENIOR HIGH SCHOOL

LIMA, OHIO

VOLUME XXXV

QUIL

NA

NINETEEN HUNDRED AND SIXTY ONE

The east doors are the scene of the daily 3:22 rush.

Admiring Shawnee's collection of trophies, students pause in the lobby of Lappin Gymnasium, named in honor of Mr. C. G. Lappin, Shawnee's superintendent from 1926 until his retirement in 1960.

In July of 1953 the Shawnee High School building was merely a drawing, an architect's dream. However, this figment of imagination became magnificent reality September 4, 1956, when a completed building eagerly awaited its occupants.

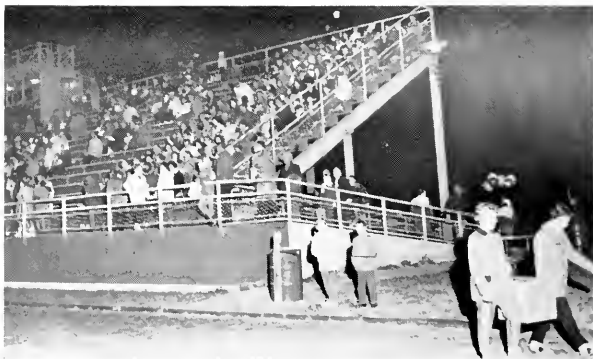

Shawnee School, taking its name from the Indian tribe once living here—the Shawnees—has seen its enrollment increase from 389 students in 1926 to 2,250; the teaching staff from fourteen to one hundred one; and, most recently, the erection of a new high school building.

We, the students of Shawnee, are truly proud of the high goals of our community and of the tireless efforts made to achieve such standards.

Football fans file into the spacious stadium eager to cheer the Indians in their Homecoming grid battle.

OPPOSITE PAGE:

This view captures only a small portion of the vast area to which the Shawnee grade school, and junior, and senior high schools now extend.

UCATION UNITE TO CREATE THE BOUNDLESS

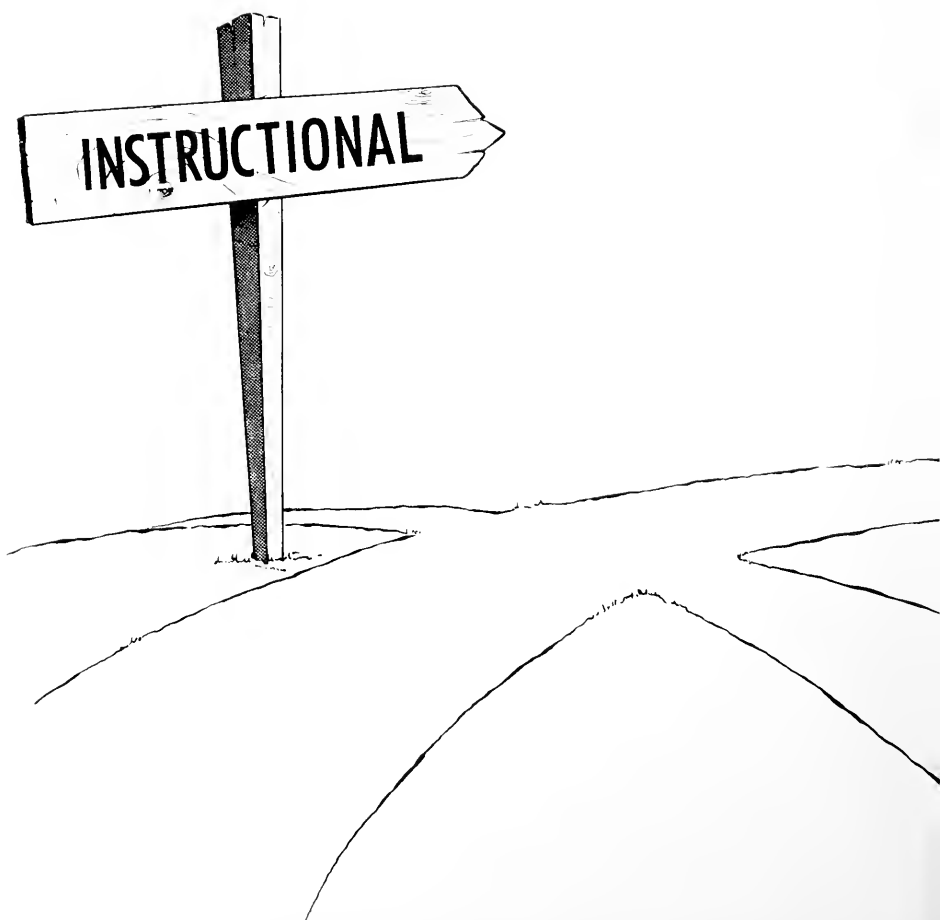

Crossroads of Learning

Organizational

Recreational

The pattern of learning and personal growth at Shawnee is stimulated by the faculty with unlimited service in the classroom, as well as participation in school activities, and by the personnel with smiling contributions. Only because of the instructional guidance offered by these people and countless others, may we, the student body, unite in our many endeavors and intelligently select the proper route when we arrive at the CROSSROADS OF LEARNING. . . .

O. C. KNECHT
Superintendent

CROSSROADS OF LEARNING

The theme of this yearbook, "Crossroads of Learning," could not have been more appropriately chosen. As we enter the decade of the sixties, the significance of a quality education for *all* students is of greatest importance.

There is a sign on an unkept rural road which reads, "Choose your rut wisely; you will be in it for a long time." May I offer a suggestion to the students of Shawnee. Whether you are college bound or in the process of developing a marketable skill, only your best will suffice. Choose your courses wisely, explore aptitudes and interests with care. Listen to the counsel of those who can wisely guide you. Then, having made your choice,—work at it! It is by these processes that we can meet the challenge of the crossroads of learning and become happy, useful, and productive citizens in this great American community.

O. C. Knecht

THEY SET THE COURSE

Presiding over our educational system are Board of Education members: Dr. W. B. Light; Carl Settlementire; Dr. Vernon Noble, president; Fred Stover; Paul Cramer, vice president; and clerk to the Board, Lowell Forbes.

SIGNS AT THE CROSSROADS

The pressures of each generation have affected the American school system. School buildings, courses of study, and techniques have changed through the years. The importance of the humanities, science, mathematics, and extra-curricular activities has varied in communities across the land. Progress in the many phases of living gives assurance that the school systems have been successful.

Now you, the adult generation of the immediate future, must assume the responsibility for better school systems in the years to come.

K. F. Lusk

K. F. LUSK

Principal

... WHICH WE FOLLOW

Time out for relaxation.

Administrators are seen not only working in the school, but also in various phases of recreation. Mr. Lusk and Mr. Knecht enjoy a game of golf together in their brief moments of spare time. Most of their work day is spent dealing with the problems of a busy school and seeing that efficiency is maintained throughout Shawnee.

THEY INSPIRE, GUIDE, AND PREPARE

The Shawnee faculty is dedicated to the purpose of helping today's student become tomorrow's useful citizen. The teachers inspire students to set high goals, then guide them to this destination by giving the students the

finest academic training possible.

Their job is important for they are forming the America of tomorrow. These thirty-three do inspire, guide, and prepare.

Staff Forms Important Part of a Well - Run School

Keeping records, preparing bills, and supplying second locker keys to forgetful students are all in a day's work for the secretaries, while the nurse spends her day patching up minor wounds and easing lesson-wearied minds for the student body.

With these and other invaluable services rendered by Mrs. Oen, Mrs. Hitchner, Mrs. Coleman, Mrs. Landfair, Mrs. Roney, and Mrs. Settlemire our school is maintained on a smooth and healthy basis.

SECRETARIAL STAFF

Lois Landfair, Mildred Roney, Betty Oen, Evelyn Coleman, Betty Jean Hitchner.

SCHOOL NURSE

Bernice Settlemire

A black and white photograph showing a textured, possibly metallic or stone, surface. In the lower portion, there is a grid of small, square tiles. A small, round clock face is visible in the bottom left corner of the grid area. The clock face has a white background with black numbers and hands, and it is mounted on a dark, textured tile. The overall image has a grainy, high-contrast appearance.

A black and white photograph capturing a bustling indoor social event, possibly a school dance or a community gathering. The room is packed with young people, mostly teenagers and young adults, dressed in mid-20th-century clothing. In the foreground, several individuals are seated at tables, their backs or profiles to the camera. The middle ground is filled with people standing in small groups, engaged in conversation. A man in a dark jacket and glasses stands prominently in the center, looking towards the right. To his right, a woman in a light-colored sweater and dark skirt stands with her arms crossed. The background shows more people, some near what appears to be a stage or a set of stairs, and the overall atmosphere is one of a busy, crowded occasion.

The collage consists of three black and white photographs. The top left photo shows a person in a white lab coat and mask working on a large, curved object, possibly a prosthetic limb, on a wooden stand. The top right photo shows three women standing together; the woman on the left is wearing a white lab coat and glasses. The bottom photo is a close-up of a person's hand holding a small, cylindrical object.

people—the bus drivers, the custodians, and the cooks.

OTHERS HELP MAINTAIN EFFICIENCY

MATH AND SCIENCE EMPHASIZE LOGIC

Will it explode?

"What kind of leaf is this?"
"How do you work this problem?"
"Oh, no. Not another test?"

These are the comments of hardworking science and math students.

In the age of the Sputnik, science and math take the lead. Shawnee's modern science department offers courses from general science to physics. We are able to enjoy the satisfaction of completing successful experiments in chemistry, of recognizing all the leaves in our collections for biology, or of understanding Einstein's Theory of Relativity. The forward-looking math department not only consists of algebra, plain and solid geometry, and trigonometry but also offers calculus for the ambitious student.

The site of many frustrations.

COMMERCIAL COURSES PREPARE STUDENTS FOR WORLD OF BUSINESS

"The hunt and peck method is a thing of the past for us."

Approaching the problems of the field of commerce from a personal angle often leads one to wonder how the world of business is able to remain in the universe. Fortunately, untold patience on the part of the instructors, as they assist the students in mastering shorthand, typing, bookkeeping, and business machines, pays great dividends in preparing future businessmen and secretaries.

"Gee whiz, Mr. Hutchins, I can balance my own budget; but I simply can't make this work out."

Is shorthand a dead language?

English students struggled through another year of Shakespeare's *Macbeth*—and the memory work. We not only relived five acts of the tragedy and discovered that Shakespearean sonnets deal with the eternal verities of life but also acquired a worth-while background in grammar. In all the English classes there was an ultimate uniting of the knowledge attained in the various studies. Thus, we could more fully realize the significance of the changes that have occurred since the age of Chaucer or Thoreau.

The importance of speaking fluently is stressed in the Spanish classes. Students got into the appropriate mood by observing Spanish films, giving frequent conversations, singing songs in Spanish, tape-recording speeches, and writing letters to pen pals.

Although Latin is no longer spoken, it continues to enrich our thoughts as we study about the distinguished military leaders of Rome, the legendary gods, the marvelous aqueducts, and Rome's significant contributions to modern civilization.

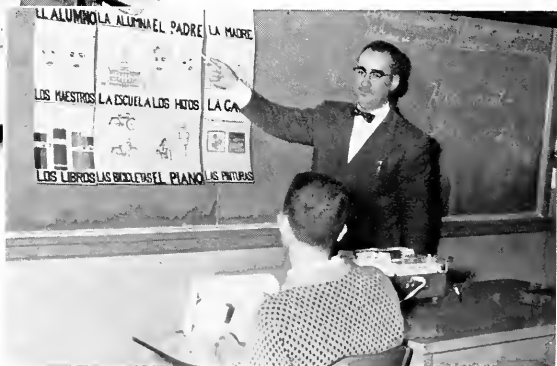

"My dear young intellectuals . . ."

LANGUAGE CLASSES UNITE CULTURES

"Turn left on the Appian Way and you end up . . . lost."

"And to think we have difficulty speaking English correctly!"

It's out of this world.

"Oops, flunked another one!"

SOCIAL STUDIES PROMOTES WORLD UNDERSTANDING

Absolutely necessary for good citizenship is a knowledge of social studies. Students at Shawnee learn to understand present world situations through a study of the past.

Lively discussions and challenging films in world history classes illustrated the influence of ancient cultures, not only upon our present government, but also upon our lives. Thus, we realized that history does repeat itself.

American history and American government classes teach us the importance of democracy and introduce us to the people who have made democracy successful. An immigrant, before he may become a citizen of the United States must attend citizenship classes so that he will be an informed and proud member of our nation. Is it not the very least we, as future leaders of democracy, can do to learn the basic governmental principles, also?

Panel discussion or friendly feuding?

"The way to man's heart. . . ."

"A pinch of salt, a dash of luck . . ."

IN PREPARATION FOR A HOME

Preparing for proficiency in the everyday tasks which are part and parcel of the big job of homemaking is the main objective of girls' vocational courses.

This year academic home economics was offered for interested junior and senior girls. Discussion of family relations was one of the highlights of the year with the girls participating in skits and panel discussions.

"A stitch in time saves nine."

The far end of the south wing is a veritable paradise for industrial arts and vocational agriculture students.

Vocational agriculture boys learn all phases of modern farming. In addition to classroom instruction they are given the opportunity for practical application of their knowledge.

In the industrial arts shop, the vocational students find modern, up-to-date equipment. Under the guidance of able instructors, they construct many worthwhile projects.

Terry Shappell and friend.

Result of many hours of hard work.

BOYS' VOCATIONAL COURSES PROVIDE PRACTICAL TRAINING

It looks as though Shawnee was well represented.

"All together now—1 ... 2 ... 3 ... 4 ..."

THE SOUND OF MUSIC

Tone, blend, and harmony are ingredients needed to produce music from wild, unruly noise. Mix these with enthusiastic students and skillful directors. What do you have—a first-rate music department. Thanks to our two fine instructors, Mr. Sonntag and Mr. Beckett, we have just that!

The spirit of rivalry enters into this field also, as students compete with their own classmates to participate in various solo performances and ensemble groups. Competition also extends beyond the school as the band and various choral groups travel to different towns competing with other schools in district and state contests.

"It was an itsy, bitsy,"

"Who allowed the clay to become hard?"

"It's not my turn to sweep the wood shavings from the floor."

These are only a sample of the remarks uttered by the young Van Goghs and Rembrandts of the art classes. However, the student cannot complain that the art course does not provide opportunities for him in almost any desired field. It includes oil painting, water coloring, sculpturing, ceramics, jewelry making, weaving, and leather work. Extensive work in these various phases provides an adequate background for those who plan an art career.

RIGHT: "Oh, they look like professional work!"

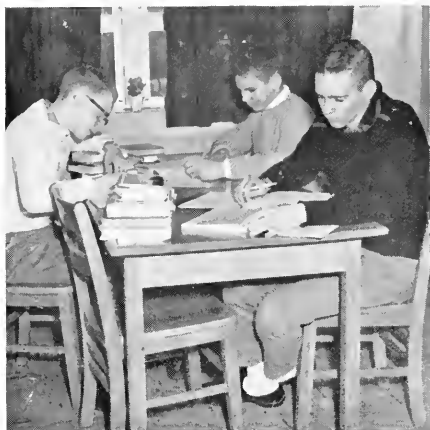

BELOW RIGHT: "Our project for tomorrow — to find 1,000 ways to use wood shavings."

BELOW LEFT: Artists at work.

CREATIVENESS IS EXPRESSED IN ART CLASSES

Good readers can always strive for improvement. A new type of guidance class has been created to help the average or above average students develop their reading ability.

To learn to read faster, develop comprehension, pay greater attention to facts, skim, read to grasp ideas quickly and to improve vocabulary are the major purposes of this course. These classes last approximately twelve weeks, which gives the students ample time to secure tips for reading.

"And now for today's story"

GUIDANCE ENTERS MANY FIELDS

What courses are right for me? What college? Business school for me? Each person must reach a concrete decision during his high school years concerning his post graduate plans and goals. To the many seniors who have made that decision, the Shawnee guidance program has been of invaluable aid. W. D. Shackelford, the head of this department, is always ready and willing to discuss personal problems and to guide us into the paths we wish to tread.

Introduced this year was the ninth grade guidance course designed as a general orientation program. Students are able to gain help in solving personal and scholastic problems as well as to learn where their aptitudes and interests lie. This is accomplished by talks, question-answer periods, film strips, panels, and guests.

"So you want to be an archaeologist?"

EXTRA CLASSES COMPLEMENT ACADEMIC ENDEAVORS

ABOVE LEFT: Careful girls.

ABOVE RIGHT: Oops!

RIGHT: Now here's how to change a flat tire.

BELOW RIGHT: Keep your eyes on the book.

Added to the list of academic subjects taught at Shawnee are the extra classes. They supplement the formal curricula to polish off and add practical knowledge to the education of the student.

Driver education trains one to be more conscious of his responsibilities behind the wheel. Personal typing enables a student to learn the basic fundamentals of typing for book reports, themes, and college work.

Health and gym classes are closely related. Engaging in sports, developing physical prowess, and cultivating a competitive spirit are three objectives of the physical education program. In the health course one learns how to stay strong, how to cope with emergencies, and how to develop his safety-consciousness.

Seniors Prepare For Future

With different backgrounds we come here to Shawnee to further our knowledge. And now, facing the future on the Crossroads of Learning, we look back at the steep path we have climbed and are proud that we have not fallen before reaching the all-important destination of graduation.

We developed our personalities by participating in school endeavors with others, as we not only held offices in various clubs but also achieved scholastic success. Stacks of homework, class recitation, scholarship tests, college

entrance exams, forum discussions, the class play, the homecoming float, the prom, the hopes and dreams for the future—all these were part of our senior year.

From here, many more miles stretch out ahead, beckoning us ever forward and upward. But now, as we, the class of 1961, turn for one last glance at the events of our school life, we will consider them not merely cherished memories but worthwhile experiences that have prepared us for the kind of life we must lead after graduation.

New rings, the class play, the prom—what memories we have to cherish.

Our year was characterized by outstanding achievements in all fields. We placed members on varsity sports teams, in music groups, and on school productions.

But most of the year we seemed to be in the midst of plans for the junior-senior prom. Committee chairmen and advisers labored for long hours planning a theme, invitations, and entertainment to ensure a successful prom.

With all these other activities, we still devoted much time to classes. We studied American history, became proficient in languages, and read Emerson and Thoreau.

Now, we look back at our carefree underclass days—forward to our senior year.

An important part of school year—Class Rings

We can now look back at two wonderful high school years. The first was a hectic freshman year spent adjusting to senior high life. The second was a sophomore year filled with achievement and excitement.

As sophomores we had little time for daydreaming. The election of officers began the year. We were active participants in school activities; members of our class excelled in track, basketball, and football. And two of our girls were cheerleaders.

From extracurricular activities to study in the classroom, sophomores pushed ahead. We delved further into the mysteries of geometry and Latin and learned to recognize leaves and classify insects. Academically, it was a successful year.

The class of '63 has contributed much to the Indian spirit. We eagerly look forward to another year of accomplishment and new experiences.

Smile at the birdie!

At last, the long awaited year arrived. We left junior high behind and began, as freshmen, a new life in senior high. Our class activities were limited, but adjusting to the new experiences which we encountered this year seemed to take most of our time and effort.

Now we look forward to three more wonderful years. In these years we will follow present traditions and establish a few of our own as we further our academic and social education.

An education at Shawnee includes more than teachers, students, and classrooms, for extra curricular activities are also stressed. Our social events, such as play practices, school dances, clubs, and individual class functions, consume many leisure hours. Numerous meetings of all types characterize these organizational programs which enable us to exchange and cultivate our ideas with those of our friends and to prepare for the kind of life we must lead beyond the Crossroads of Learning.

At the bi-weekly meetings, Spanish Club members became acquainted with their Latin American and Spanish neighbors through films and speakers.

Social events comprised a large portion of the group's activities beginning with two hayrides in the fall. Dances were held at the Shawnee Grange Hall every month during the year and with the nearing of summer vacation came the annual trip to Hocking Valley.

QUI DOCET, DISCET — HE WHO TEACHES, LEARNS

Penny Bogart, Sharon Lawler, Marsha Caulfield, and Judy Brooks present play portraying Christmas in ancient Rome and in modern times.

Under the guidance of Mrs. Lois Shackelford, the Latin Club was continued for a second year at Shawnee. Meetings were held every second and fourth Thursday of the month for students taking Latin and former Latin students.

The purpose of the organization is to create interest in Latin and in Roman culture. "Qui docet, discet"—"He who teaches, learns," is the motto.

Italy, Roman food, mythology, and Caesar were a few of the topics discussed by the group. In December the Latin Club re-enacted Saturnalia, a Roman Christmas celebration, with a candle ceremony, a play representing Christmas then and now, a gift exchange, and songs in Latin. The high point of the year was a banquet presented in true Roman fashion. Members wore tunicas, togas or pallas, and sandals. Second year Latin students were served chicken drenched in olive oil, vegetables, grapes, and cookies by first year students, who were the slaves. Readings and such sports as wrestling and footracing provided entertainment.

Members now have Latin pins since they have joined a national organization called the Junior Classical League.

MU EPSILON PI ENCOURAGES INTEREST IN MATH AND SCIENCE

INTERESTED STUDENTS FURTHER KNOWLEDGE

*Row 1: Lee Hardesty, Don Boger, David Fox, Merle Miller, Charles Hunsaker
Row 2: John Henry, Jim Shapter, Dave Loegel*

Mu Epsilon Pi is an organization which provides the opportunity for the interested student to further his knowledge of math and science. Members are able to learn more about subjects for which there is little time in routine class work.

Many interesting projects were made, some of which were exhibited at the various science fairs. Subject matter discussed at the meetings ranged from algebra to zoology. Also on the year's agenda were guest speakers and trips, such as the trip to see the betatron.

INDUSTRIAL ARTS CLUB PROVIDES OPPORTUNITY

OFFICERS—Standing: Mr. VanMeter, Adviser; Richard Eiche, Treasurer; Bryce Clark, Vice President; Steve Spyker, Secretary; Mr. Ross, Adviser
Seated: Dick VanMeter, President

From the beginning of time man has been striving to make his life easier and more enjoyable. He accomplished this by the use of tools which at first were nothing more than stone or wooden clubs. Tools have developed into complex machinery which not only have practical value, but their use is one of man's most popular hobbies.

Today's craftsman is tempted at every turn by the fruits of modern technical wizardry. The Industrial Arts Club provides the opportunity for students to pursue hobbies which require equipment beyond that usually found in the home workshop. Members find available not only a "hammer, nail, and a chunk of wood" but also advanced power equipment.

Under the direction of Mr. Ross and Mr. Van Meter these boys combined equipment and skill to produce many worthwhile devices. Projects this year ranged from building a boat to assembling a hi-fi.

F H A PROMOTES GIRLS' INTEREST IN HOMEMAKING

Twice a month, on Thursday evenings, the Shawnee Future Homemakers of America met to further their knowledge and interest in homemaking. The girls enjoyed a successful year with speakers and social events. Among the speakers this year were beauticians explaining hair styling and manicuring, a florist demonstrating floral arrangement, and Miss Howenstein telling about her trip to Mexico.

At Christmas time, the girls took a shopping trip to Ft. Wayne, Indiana, and after participating in other events, they held their annual FFA-FHA banquet at which time awards were presented.

FFA PROMOTES LEARNING THROUGH EXPERIENCE

Students interested in agriculture as a possible vocation furthered their understanding of this field through membership in the Future Farmers of America. One of the guest speakers the group enjoyed was Mr. Stuart, who commented on income tax and social security.

An outstanding benefit the boys derived from this club was the knowledge they gained through experience. Each boy had a project, such as raising farm animals or growing produce, which he entered in the Allen County Fair.

Besides working on projects, the members formed a basketball team and competed with FFA groups from other schools.

Y-TEENS FOSTERS A BETTER UNDERSTANDING OF ONE ANOTHER

Many good times and inspiring moments were shared as the girls in Y-Teens met their objective of growing in the knowledge and love of God. Fellowship among the girls was promoted as they participated in the many interesting programs.

Thoughts about Y-Teens were written in letters to be returned to the writer at the end of the year. Christmas corsages were made, some to be sold and the rest to be given to various elderly area residents. Mr. Washington of Lima demonstrated the art of Yoga as practiced in India.

The annual social event was the Christmas formal dance held at Memorial Hall. The theme was "Fantasy in Frost" and the hall was beautifully decorated with frosted evergreen boughs and a starry sky.

New members are initiated into Y-Teens

BETA PI DEVELOPS RESPONSIBILITY

The two Hi-Y clubs at Shawnee have encouraged the development of responsibility and leadership in all members. Another valuable quality encouraged is citizenship. By practicing good citizenship at Shawnee, these boys will be better citizens of their community.

Throughout the year the members enjoyed speakers, sponsored social activities, and participated in intra-mural basketball.

Beta Upsilon was open to junior and senior boys while freshmen and sophomores participated in Beta Pi.

Our Friend From Germany

Dieter Mueck

Dieter Mueck, who arrived in Lima August 21 from his home in Heilbronn, West Germany, inaugurated the exchange program at Shawnee. He came here under the auspices of the American Field Service and is staying at the home of Mr. and Mrs. Richard Gushman.

Dieter has shown himself to be not only friendly and courteous but also willing to participate in sports and social activities. We know that all of us at Shawnee will miss him very much when he leaves June 27 to travel around the United States with other boys and girls of the Field Service and then to return home to West Germany.

A view of Dieter's school.

Modern music room in Dieter's school.

Mr. O. C. Knecht, Superintendent of Shawnee School, welcomes Dieter upon his arrival to Lima.

LIBRARY MAINTAINED BY CAPABLE STAFF

"Hey, I can't find a dictionary!" "I need a book for a book report." "Where will I ever find enough material for my research theme?" These and countless other demands are met daily by the librarians.

In a quiet and cheerful manner the librarians performed the many tasks which are necessary in a well-run library. These students, guided by Mrs. Bright, shelved books, checked books in and out, and aided in finding material for others. Their efforts towards maintaining standards of high quality have made the library one of Shawnee's chief assets.

LIGHTING CREW CREATES MOODS AND EFFECTS

Jim Mayer, President; Mr. Ross, Adviser

Although they were rarely seen at work, the eleven members of the lighting crew with their efficiency and precision timing proved a valuable asset to numerous stage performances. The boys were characterized by action as they created sounds resembling galloping horses or chugging cars and, with lights of varied hue, instilled the proper mood for the crowning of a queen or the class plays.

STUDENT OPERATORS PRESENT CINEMA MAGIC AT ITS BEST

"Lights, camera, ACTION!"

With the increasing stress placed on pictorial and recording methods to enliven classroom studies, the able assistance of student operators is more in demand. These students who have mastered the techniques of operating audio-visual devices render an invaluable service to the faculty and students by recording Spanish talks and stage performances, or operating the movie projector for classes and assemblies.

The Hungry Five play starved music

Would you like a first class seat at football games? Join the band! Do you enjoy seeing the sun peep over the horizon on a crisp autumn morning? Join the band!

Under the dynamic direction of Werner Sonntag, the band, both marching and concert, learns new musical skills and types of music. Their goal is to produce musicians who will make Shawnee proud as they compete in district and state competition. The majority of the instrumentalists participate with their classmates in ensembles.

In addition to preparing for "contest" and performing at school programs, which in the past year have included the Christmas program and Spring Concert, the band presented sparkling half-time shows during football season.

Although the members of the band often begrudge the fact that during football season they "open the school" so to speak, because of their early morning practices, music is a part of their lives and they wouldn't change it.

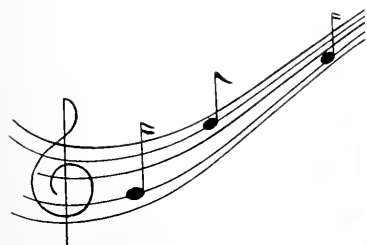

BAND OFFICERS: Lynnette Carey, Treasurer; Dave Warner, Vice President; Dave Loegel, Secretary; Hal Hughes, President.

Pep band provides added spark at games.

You say you'll serenade us?

A CAPPELLA SINGS WAY THROUGH YEAR

"Do re mi, re mi fa, mi fa so, fa so la, so la ti, la ti do, re do ti, do. . . ." Such is the jargon often heard in the vicinity of room 15. No, it is not a new type of foreign language; it is simply the A Cappella choir practicing their "warm up" exercises. Physical fitness, which very definitely includes good posture, is as much a part of music as it is of athletics. But the choir doesn't spend all its time on exercises, for there are performances to be given for numerous organizations, and contests for which to prepare.

Yes, A Cappella choir is an extremely active choral group. In addition to the choir singing as a group at district and state contest, numerous members of the choir prepare to enter solo competition. A tremendous amount of work and hours of after-school rehearsals are necessary to accomplish such a feat. None of this would be possible were it not for our conscientious director, Harold Beckett, and his able assistants, Susan Beyer, student director, and Linda Landeck, accompanist.

Terry Smith, Lori Lowry, Jack Van Pelt, and Ken Flanigan provide music for "Jingle Bells Calypso"

JUNIORS PORTRAY BOYS' PLIGHT

"The Birds and the Boys," presented by the Junior Class on December 16, was a sparkling comedy about a newly-married couple, Cathie Brown and Michael Shea. These newly-weds completely altered the lives of their neighbors.

Cathie, playing Cricket Martin, was a tender-hearted wife who permitted the neighborhood children to congregate in the living room of her new home, much to her husband's dismay. Michael, an architect, was eager to impress a magazine firm with his home. This aspiration seemed doomed because of his wife's atrocious housekeeping and the mushroom project in the basement.

Birdwatching and the welfare of the boys at Youthville were Cathie's main interests. Although many townsfolk thought the reform school should be moved to another location, she knew the boys weren't really "bad." When Jane Zimmerman, a staunch supporter of moving Youthville, learned that her daughter Jackie Market was attracted to John Biery, a reformatory inmate, she was furious.

Unable to convince her mother of the merit of these boys, especially John, Jackie ran away from home. John Biery came to the rescue and called the boys at Youthville to find Jackie. When her daughter was safely returned, Jane

decided to cancel the petition for moving the school.

To crown the confused, but happy, Martin household, photographers arrived for pictures of their home for the magazine. It was picked not because it was an extravagant mansion, but because it was the most "livable home in America."

Opening night brings the make-up crew and its grease paint

BUSY STAFF COMPLETES YEAR

Deadlines, deadlines, and more deadlines. Harassed editors fumed, writers scurried around looking for information, and frenzied typists and production staff members set up a clamor in the *Chief* room. At last things quieted down and Shawnee's school paper, *The Chief*, was distributed.

The paper performs a vital function, that of

keeping students and faculty informed about the various activities at Shawnee. Sports, club meetings, class plays, dances, tests, honor rolls, and a multitude of other activities are reported.

After the hustle and bustle of making the deadline is over, there is a warm glow of accomplishment in seeing the finished product.

Pamela Wandell, *editor*; Mrs. Bright, *adviser*

STAFF COMBINES NEW IDEAS AND HARD WORK IN 1961 QUILNA

Much time and effort were combined to meet the deadlines, as the editorial and business staffs sold advertisements, typed endless lists of names, drew layouts, wrote copy, and assembled materials in preparation for the 1961 *Quilna*. The big goal—placing a check in the last square on the progress chart that loomed from the wall!

Although we worked long hours making certain each student's picture was included and his name spelled correctly, we found that the production of an annual is an invaluable experience for those who enjoy writing and interviewing. However, without the able assistance of Mrs. Bright and Miss Gorman, our advisers, the *Quilna* would not have been possible.

PRESIDENT PORTMAN AND WORTHY

Firmly carrying out its decisions in solving numerous school problems, the Senate again this year kept our Alma Mater on an even keel.

Besides making available a handbook, which was of particular value to new students, the Senate continued sponsoring postgame dances during the football and basketball seasons, organizing homecoming ceremonies, and guiding visitors during the school's open house.

New ideas were also introduced by the Student Senate and accepted by the student body. A homeroom Christmas decoration contest, a mock election to interest students in national affairs, and slave day to raise money for the exchange student program were initiated at Shawnee.

This group is to be complimented on the top-notch job it is doing in the promotion of student teacher and school-community relations.

CANDIDATE HOPEFULS: senior—Sandy Earle, junior—Jackie Market, freshman—Marty Glass, sophomore—Glenna Wandell

CARNIVAL MEMORIES LINGER

Tons of confetti, the hopeful smiles of charming candidates, and the sweet tinkling of money as it fell to the bottom of greedy containers! All these are a part of our carnival memories.

Class booths provided the major source of income for the class candidates. "All you need to do is drop the coin into the glass—the odds are 50 to 1." "Can you qualify for a baseball pitcher?—throw the ball through the hole." "Pick a number, any number—Everybody wins!" These were the cries that echoed through the bus garage as the carnival gathered momentum.

Later the crowd assembled in the senior high gym for the crowning ceremony. The Stepettes appeared

first, performing a unique routine and ending by forming a triumphant aisle through which the queen would enter. A joyful cheer emerged from the throats of the seniors as their candidate, Sandy Earle, was crowned 1960 Carnival Queen. Wearing a royal blue formal, Sandy radiantly reigned over the special carnival activities. Her attendants were also decked in blue, making an extremely attractive court.

Entertainment was provided by the A Cappella choir as they sang selections from "Flower Drum Song" and "The Sound of Music." The concert band favored the queen with "Blues On Parade," "There Is Nothing Like a Dame," "A Pretty Girl," and popular tunes from *Carousel*. At last the carnival drew to a close, but the memories still remain.

THE ROYAL COURT—Glenna Wandell, Jackie Market, Queen Sandy Earle, and Marty Glass—looks happy

I crown thee "1960 Carnival Queen"

Enter the Queen

Homecoming Queen candidates nestled in float mum

Although the night of October 21, 1960, was cold, the football fans were warmed with the Homecoming spirit. The float, bedecked with three huge mums and a football, moved slowly until it reached the center of the field. There it halted and the three Homecoming Queen candidates, Suzanne Evans, Carol Evans and Joan Roffee, descended.

Ron Blubaugh had the honor of crowning Miss Suzanne Evans, Homecoming Queen of 1960, as the crowd watched in hushed awe. Suzanne and her court reigned during the Bellefontaine-Shawnee game and during the post-game dance.

"I crown thee . . ."

We at Shawnee participate in athletic events or become active sports enthusiasts. Such recreational programs strengthen the traditional loyalty toward our school and develop the quality of good sportsmanship, thus enabling us to participate fairly in school groups and especially in all activities after we graduate and venture forth from the Crossroads of Learning. . . .

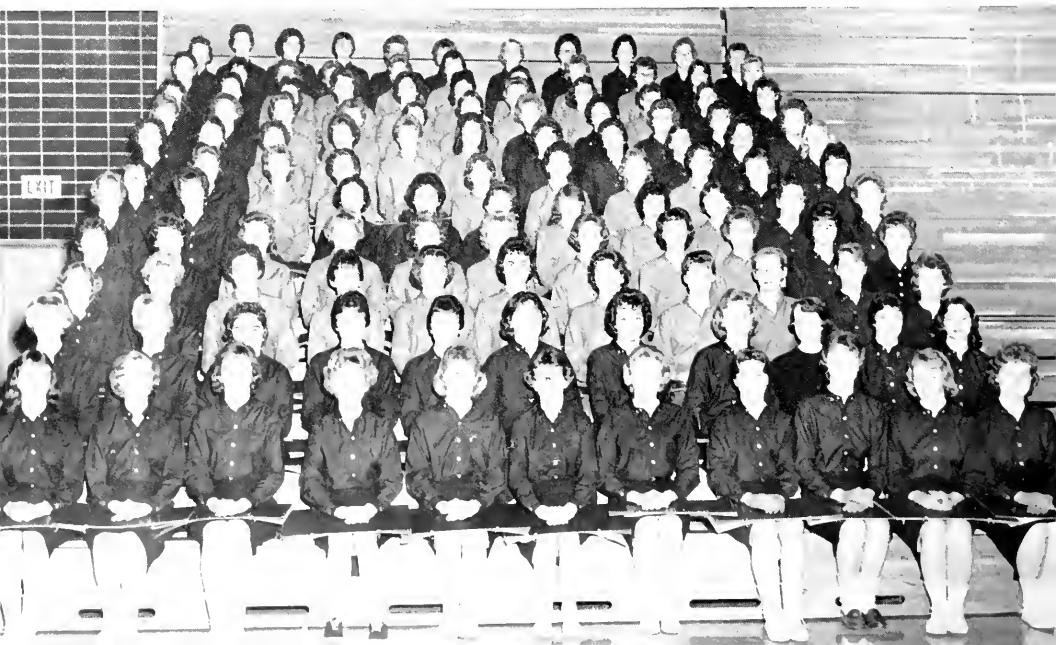

BLOCK "S" CHEERS FOR THE "RED AND BLACK"

BLOCK "S" COUNCIL: *Sitting:* Sharon Harriman, Ann Gushman, president; Ginny Crites. *Standing:* Sandy Earle, Lynda Pate, Kathy Wiesemayer, Barb Fisher

Leading Shawnee in school spirit this year was our snappy Block "S". A hundred and twenty-one girls sitting in the formation of a red "S" on a black background composed this group. Under the enthusiastic direction of Ann Gushman, the Block performed at home basketball games using card stunts, hand motions, and healthy vocal cords. Whether our team was winning or losing, the Block "S" could always be heard urging the Indians to victory. Displayed with cards at the various games were the script "Hi," a salute to our opponent, and the script "S". Perhaps the salute best remembered will be the charming Spartan head for the game with Lima Senior High. Each person who received an award at the end of the year certainly earned it, for much hard work was required to make our Block "S" successful.

These lively girls helped school spirit soar to new heights by organizing car caravans.

VIVACIOUS CHEERLEADERS ADD ZEST TO SPORTS EVENTS

Who can gauge how much higher a eager jumps, how much harder a griddler runs because of the organized clamor from the fans? The spirit instilled in the fans and team by the cheerleaders brings the victory one step closer.

With an inexhaustible supply of energy, seven school-spirited girls were always in front of the fans to lead them in fight songs and yells for our football and basketball teams. The cheerleaders began their practice sessions in April after they were selected by the student body and by the opening of school had revitalized old cheers and made new ones.

Long after the cheers of the crowd have faded away, the memory of the game fingers—the excitement as an Indian player scored, the tenseness when the opposing team scored, but most of all we remember the cheerleaders and their Indian spirit.

PEPPY FIVE: Eileen McCarty, Jeanne Cline, Carolyn O'Leary, Jo Wallace, and Jearold Kidd

MAJORETTES SPARK SPIRIT

For that finishing touch, for that extra special dash, the majorettes were always on hand to stage shows with the marching band during football season. The thought of failing to retrieve a high flung baton surely must provide these peppy five with some nervous moments. Nevertheless, they appeared "calm, cool, and collected" as they enthusiastically performed their difficult routines. Jeanne Cline held the esteemed position of head majorette while Jearold Kidd, a new addition to the "twirling staff," was our drum major. Eileen McCarty, Carolyn O'Leary, and Jo Wallace composed the rest of our majorettes.

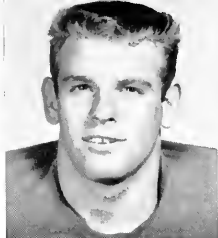

HIGH-STEPPING STEPETTES ADD SUGAR AND SPICE

"Take me to your leader!" Should this command be directed to any Stepette member, two minutes later the inquirer would find himself face to face with Linda Dickerson, for Linda is the head of the Stepettes. Working in conjunction with Kathy Ford, assistant leader, and Miss Sally Jo Bery, Linda figures out the unusual routines which the student body sees at numerous functions. As members of Drum Majorettes of America, the drill team participated in numerous marching contests. Because of the quality of their performances they won several trophies for their tremendous efforts.

NEW COACH DIRECTS SHAWNEE GRIDDRERS

Directed by new grid coach, Jim Young, Shawnee finished the football season with a four wins, six losses record.

In the opening game, the Indians scalped the Elida Bulldogs 20-6, with the stylish quarterbacking of John Moyer. He scored two touchdowns, added a two-point conversion, and gained 132 yards in eighteen carries.

Sparked by the first win of the season, the Shawnee gridders took on the Bath Wildcats. In the opening period, halfback Dave Bunke raced for a 52-yard touchdown. But the speedy eleven did not stop with six points. John Moyer crossed the Bath goal for two more touchdowns, and in the third quarter, Dave Bunke electrified fans with a 95-yard touchdown excursion.

Tackle by Tom Marshall headed opposing player for a halt.

During the following grid battles, the Indians suffered four losses; but they recovered on Homecoming night to defeat Bellefontaine 30-22.

Winding up the '60 season, the Shawnee Indians overcame the Wapakoneta Redskins with nifty ball-handling by quarterbacks, Gil Bowsher and Bill Kimmel and superb running by backfielders Ron Blubaugh, Dave Bunke, and Bill Finch.

Three Shawnee football players were selected for All-League honors—John Moyer, who made first team offense and defense as well as being chosen as outstanding back in the league, John Biery, who received honorable mention on defense, and Gary Kunkleman, who received honorable mention on offense and defense.

DAUNTLESS VARSITY CONQUERS INEXPERIENCE

The spirit of Shawnee was portrayed on the basketball court by Coach Jack Freitas' quintet. By midseason the Indians had a two-six win-loss record. Lacking the experienced assistance of any former varsity players, this year's team faced stronger foes than they had ever encountered. Showing the undampened Indian spirit after several close losses, though, the team came through victorious over Bluffton, Bath, Van Wert, Elida, and Wapakoneta.

One of the most suspense-filled games of the season was the terrific rally in the game between Shawnee and rival Lima Senior High. In the early part of the game the Spartans led 10-0; at the half the Indians lacked five points with the score 22-27; with one minute remaining in the game Shawnee needed only one point to tie the score. But the Tribe's gallant comeback was not quite enough, and they lost 48-52.

FRESHMEN CAPTURE WBL CHAMPIONSHIP

Freshman Indians had a scalpin' good time this year as they downed thirteen of their fourteen opponents to win the Western Buckeye League championship. Shawnee's reserve squad will have a wealth of players to draw from next year, for these eager freshman boys have worked vigorously to achieve the speed, coordination, and accuracy necessary to gain and maintain a place on the reserve and varsity teams. Coach Walter Marshall has worked long and hard with these boys offering appreciated advice and encouragement for their improvement.

Three team members earned special recognition for their achievements of the past season. Gil Bowsher was named the most valuable player, while Vern Venne ranked as the top foul shooter, and Don Dwyer was the top rebounder.

CROSS COUNTRY STRIDES HILL AND DALE

LETTERMEN: Jerry Core, Charles Hunsaker, Jerry Monroe, Jan Stauffer.

With the opening of school in September, the cinder track once more resounded with the running feet of the Shawnee harriers.

While the Shawnee meet record was low this year, the team still had a winner in Charles Hunsaker who set a new record of 11 minutes flat for the two mile course, thus breaking the record of 11 minutes 13 seconds set by Tom Meyers in 1956.

Of the cross country runners, 17 ran 100 or more miles in practice, becoming eligible for the Century Club. Century Club members are: Skip Bond, Stephen Cleaves, Jerry Core, Don Cotner, Jim Graham, Glen Honert, Charles Hunsaker, Richard Long, Larry Irvin, Larry McDonel, Jerry Monroe, Dieter Mueck, Fred Neu, Don Perkins, Duke Portmann, Tom Rees, and Jan Stauffer.

CROSS COUNTRY TEAM: Row 1: Tom Rees, Richard Long, Charles Hunsaker, Fred Neu, Skip Bond, Larry Siferd. Row 2: David Loegel, Mr. Shackelford, Larry Irvin, Mike Gibbs, Jerry Core, Jan Stauffer, Jim Graham, Don Cotner. Row 3: Steve Arlin, Glenn Honert, Dieter Mueck, Jerry Monroe, Don Perkins, Duke Portmann.

TRAMPOLINE TEAM HAS UPS AND DOWNS

Up he goes and down he comes, thrilling the crowds with somersaults and flips. Skill and agility are combined in the daredevil feats performed during half-time at basketball games.

Glenn Harsh—"He floats through the air with the greatest of ease."

Members: Glenn Harsh, Gayle McCarty, Tim LaWarre, Steve Lones, John Caulfield, Larry Wahlie, Coach Snider.

G. A. A. GIVES GIRLS A "SPORTING CHANCE"

"Ster-r-ike," "Jumpball," "Let serve," "Bull's Eye." These and many other phrases of sports lingo were heard on Tuesday evenings as the girls learned new athletic skills and practiced those already acquired in G. A. A.

The year was begun with softball, followed by basketball, then volley ball. By this time spring was here and the girls gave vent to feelings of "spring fever" with individual sports such as golf and archery. For those who enjoyed the indoors, table tennis, badminton,

bowling and shuffleboard were offered.

Not only did the girls participate in sports, but they also continued the tradition of working in the concession stands. And work they did as many long, but enjoyable, hours were spent providing refreshment for the hungry fans.

An awards picnic and senior recognition torch parade provided an impressive close for a fun-filled year.

Row 1: B. Croft, L. Saddler, C. Pion, M. Coon, J. Holloper, L. Kunkleman, S. Shock, S. Bowdle, C. Bowsher, J. Oglesbee. *Row 2:* N. Downing, S. Ford, R. Prater, S. Brown, P. Bogart, B. Keating, C. Anderson, K. Fockler, A. Hefner, L. Roush, S. Seiling, C. Zuber. *Row 3:* J. Brooks, K. Cole, G. Wandell, S. Boswell, S. Kettler, N. Manges, K. Wiesenmayer, S. Strunk, J. Widher, J. Market, D. Pierce, C. Priddy. *Row 4:* C. Edgington, G. Baca, J. Cline, P. Downing, C. O'Leary, K. Richardson, J. Zimmerman, D. Mart, J. Hall, L. Wheeler, B. Wiseman, B. Bollinger, K. Wiseman. *Row*

5: M. Zerkel, D. Detrick, M. Caulfield, P. Goodenow, B. Riffle, J. Waltz, D. Riemish, M. Horak, B. Fisher, M. Barry, S. Evans, P. Pierce, T. Roney. *Row 6:* P. LaWarre, D. Breda, J. Lowry, S. Cummings, S. Knecht, L. Leppla, S. Brumby, P. Gerstner, C. Bryan, D. Crites, D. Ritchie, M. Owens. *Row 7:* B. Boedicker, J. Payey, L. Colberg, S. Taylor, R. Reimesch, C. Craig, C. Linhart, C. Glanton, G. Macdonald, J. McKibben, J. Neu. *Row 8:* B. McCarty, A. Wood, K. Spring, L. Wheelbarger, B. Alden, S. Aldrich, P. Wandell.

The trampoline provides a relaxing break after a hectic basketball game.

Bowling is one of the popular spring sports.

OFFICERS: Stephanie Aldrich, Vice-President; Miss Reinhardt, Adviser; Ann Hefner, Treasurer; Carol Priddy, President.

CROSSROADS OF LEARNING

"If one advances confidently in the direction of his dreams, and endeavors to live the life which he has imagined, he will meet with a success unexpected in common hours. . . If you have built castles in the air, your work need not be lost; that is where they should be. Now put the foundations under them."—Henry David Thoreau

As we close the doors of Shawnee for the final time, we are sorrowful and rather hesitant, for to approach its boundaries means also to approach the Crossroads of Learning.

Now is the time for us to steer our lives in the proper direction. At this moment the present contains all that there is, because it envelops both the past and the future. If we can examine our previous twelve years of education and through our own evaluations feel that they have served a purpose, then, will we be

stimulated and guided in our self development.

Many questions in view of our future arise, and we must each, individually, endeavor to interpret them wisely. Shall we take the short cut just because it boasts the promise of an easy life? Shall we drift along a paved highway to a life of supposed luxury? Shall we tread the worn, dusty trail, beaten deep by an overabundance of tradition and conformity? Or shall we construct our own road on which to venture forth in search of our own goals?

You are at the Crossroads of Learning. Which route will you take?
